

Potenziale Elettrico $\leftrightarrow E$

SCALARE

$$\vec{E} \leftrightarrow V$$

$$V = - \vec{E} \cdot x$$

$$V = \frac{E_p}{q} \leadsto [V] = \left[\frac{J}{C} \right]$$

↑
SCALARE

$$\left\{ \begin{array}{l} \mathcal{L} = F \cdot s \\ \downarrow \\ qE \\ \mathcal{L} = E_{p_2} - E_{p_1} \end{array} \right.$$

$$\vec{E} = - \text{grad}(V)$$
